CBIZ Flex-Pay Flexible Benefit Services

Employees are asking for more out of your benefits plan than ever. If you don't keep up with those expectations, you may lose your talent to the competition. CBIZ Flex-Pay's flexible benefit services help you meet and often exceed those expectations, enabling you to retain top performers and simplify administrative burdens.

Our unique features – from around-the-clock customer service to debit cards that can manage FSAs, HRAs and bus fares – allow you to provide employees with tax-friendly benefit options while reducing your tax liability with ease.

Additionally, these services can be integrated with our benefits consulting and HRIS technology, which when combined deliver the best value for your health plan spend, eliminate administrative processes and enhance employee engagement.

All of CBIZ Flex-Pay's services and solutions are delivered locally and backed by national resources – an approach that provides the perfect combination of service and expertise.
